About SaveARescue

SaveARescue, Inc. was founded by Bev Gun-Munro in 2012 and the website launched in 2015. Based in Southern California, Bev is a dog behavioral expert, international top dog trainer, dog sport competitor, breed expert, and former international television broadcast journalist who was named one of 2015's "Top 25 Most Influential Women in the Pet Industry."

SaveARescue (SAR) is an active 501(c)3 nonprofit organization developed to be the Hub and Help Center for the 17,000+ dog and cat rescues, shelters, and pet adoption services listed in their database.

SAR has the largest North American dog and cat resource database available and is developing an application to better connect and extend their reach to pet loving adoptees.

SaveARescue Programs

SAR is the **only** "911" nationwide Emergency Call-In Center that offers a 24/7/365 'live' responder, available to provide immediate resources for any dog or cat emergency.

SAR's personnel help locate immediate resources for life-saving assistance – based on the caller's zip code and **SAR**'s developed relationships with rescues and shelters along with

MISSION STATEMENT

SaveARescue will assist all dog and cat Rescues and shelters in all aspects of rescuing and rehoming to decrease the 7,000–10,000 dogs and cats needlessly euthanized daily and increase the number of successful adoptions.

SaveARescue is designed to be available for all life-threatening pet emergency situations where immediate action is required.

their database of caring pet services.

SAR delivers expert advice, guidance, and assistance for pet lovers throughout the United States and Canada.

SaveARescue Pet's Natural Disaster Center

SAR is called upon nationwide to coordinate efforts to save pets before, during, and after Natural Disasters. This includes arranging re-location efforts for pet owner's pets to safe havens, supplying tons of pet food, crates, and personnel to rescue abandoned pets, coordinate shelter space, and all other needs for the safety and comfort of pets.

SaveARescue Day-to-Day

SAR creates resources and aid for pets in life-threatening and cruelty situations by supervising

and financing ground and airlift transportations to move these dogs and cats from "High-Kill" shelters and "Death's Door" to "No-Kill" shelters, safe havens, and other in-take rescues.

SAR is committed to rehoming senior and black dogs and cats who statistically have the least chance of being adopted.

Marketing

SAR acts as the marketing department, registry and 'Voice' for the voiceless mom and pop rescues that make up 90% of our 17,000+ dog and cat rescues creating more awareness and support for them in their own communities.

Hoarding

SAR coordinates with rescues and shelters, and Animal Control personnel to bring them together in times of large hoarding confiscations to save the pets from certain euthanization.

Robin Hood

SAR hosts quarterly contests to provide tons of free pet food for rescues,

Volunteers

SAR manages dozens of volunteers nationwide.

Transportation

SAR arranges air and ground transportations from "High Kill" shelters to "No Kill" safe havens.

SaveARescue New Projects

SAR is spearheading Furry Fosterers – a program where Senior Assisted Living Centers are partnering with **SAR** to foster small-breed dogs and cats in their rooms. This especially will be implemented in 2018 to rehabilitate puppy mill throw-aways – female breeding dogs that are no longer productive and killed between 5-8 years of age.

SaveARescue's Database

SAR believes in the spirit of the entire pet arena that includes our database listings of vets, 24/7 emergency vet clinics, boarding kennels, groomers, trainers, and all pet experts that support our efforts

SAR has accumulated the **largest and most up-to-date database** of resources for every pet-lover and owner. There are 18 categories, including:

- **110,000+** adoptable dogs and cats listed and updated in real time.
- **17,000+** rescue and shelter organizations nationwide and Canada
- **8,000+** pure breed dog rescues
- **1,400+** cat rescues
- **Only** resource listing **3,800+** Animal Control Offices (ACO)

- **100,000+** pet services, including 24/7 emergency vets, low-cost spay and neuter clinics, and much more!

SaveARescue's Research and Development

SAR is committed to solving the many issues facing the rescue and shelter operations:

- Lack of collaboration between rescues [non-profits] with a competitive vs. collaboration spirit.
- Little or no resources for the caring pet owner/public to connect with a 'live' person for aid and advice during pet distress, relinquishment, abandonment, or emergency needs.
- **60+%** of rescues do not list a phone number or live contact to the public.
- Major lack of timely responses to emails and application submissions from eager, qualified adoptees.
- Limited and negative communication skills between rescue staff and pet lovers seeking adoption
- Difficult to find information and locations of 'No-Kill' shelters.
- Limited time or knowledge by shelter staff to educate pet owners on alternatives to relinquishing their pets.
- Lack of information of available low-cost spay/neuter clinics and micro-chipping options
- All rescues are skilled at rescuing animals, but **85%** lack knowledge on how to market, educate, and fundraise for their facility.
- Lack of space at rescues due to abolishment of puppy mill breeding. Female breeder

dogs will be discarded and euthanized.

SaveARescue Goals

- To increase successful adoptions by offering aid, support, and marketing tactics to shelters and rescues.
- To provide pet lovers with necessary education, information, and services regarding dogs and cats.
- To establish **SaveARescue** as the registry, resource, hub, and "Voice" representing all dog and cat rescues and shelters to and for the public.
- To increase awareness of **SAR's** available "911" emergency Call-in Center, 24/7/365 for anyone in the United States and Canada.
- To make CA a "No-Kill" State and a model for others to follow and become a "No-Kill" Nation by 2025.
- Increase spay/neuter and TNR programs
- Expand our Furry Fosterers program nationally.
- Develop partnerships with the American Red Cross (ARC) and Humane Society of the United States (HSUS), to coordinate better dog and cat rescues for owners during natural disasters.
- Obtain operational funding for staff that can increase SAR's efficiency & outreach.
